Society is improving every day, various cultures and environments are changing quietly around us. Different people have different understandings and feelings to fashion trends. Some are immersed in simple two check point home-work life, but for most middle class, there is no bound between working and resting, because developed information technology has dimmed their working location and time, the scheduled working style is gone and buried in history garage. What they authentically need is the unrestricted chair, then choose a comfortable cozy posture, thoroughly browse the information, then freely meditating.
