TERRAMIX

Terramix is the instant concrete terrazzo applied for flooring tile, walling tile and other DIY projects such as basins, bathtubs, and kitchen countertops.

Two different types of Terramix are Terrazzo Powder and Menir (crush) Terrazzo. These types are packaged with composition : 45 kg/bag

TERRAMIX

The Installation of Terramix requires to mix Terrazzo Powder and Terrazzo Menir with White Cement as the glue adhesive. The typical ratio is **2 : 2 : 1,5**. Here is the video of Terramix Installation : <https://www.youtube.com/watch?v=pCm3NBEBJA0>

Ti TerraMix®
Teraso Cor Dekoratif Instant

✓ Kuat ✓ Praktis ✓ Cocok untuk Dinding & Lantai
